Mentor Commitment Form

By signing this form, you are indicating your willingness and desire to be considered to become a formal mentor for a newly employed or newly assigned County Extension Educator. You recognize that such an assignment will entail a commitment of time and energy for a one-year period.

Since there are many factors which determine when and where newly employed or assigned county educators are placed, there is no way to predict when you will be asked to be a mentor. Additionally, please know that you will be contacted and asked about becoming a mentor prior to notification of the new educator. If personal and/or professional responsibilities make it impossible to be a mentor at that time, feel free to ask that another educator be asked to be the mentor.

We hope that you will consider being a mentor an honor and an opportunity to make a difference in the professional careers of our newly employed or assigned County Extension Educators.
